

PADDOCK RIDING CLUB NEWSLETTER

MARCH 2011

PAT LINCOURT STABLES: TWO NEW HAPPY OWNERS:

Carly with Pasha and Cathy with Risky

Off to a dressage show? Entries close March 11.

See Pat for details.

ENTERPRISE FARM:

Not only are they the owners of the rare Caspian horses but now Enterprise Farm is the ONLY accredited Pony Club Center for this area; this will offer children and young adults alike a great opportunity; Pony Clubs set up a series of rating levels for both riding skills and horse management.

It is extremely hard for a school to be accredited by the US Pony Club. Congratulations to Gene Gilbert and her staff for this accomplishment.

ANGELE FARM:

Fortitude is obviously 14-year old Rison Naness middle name: no sleet, snow or rain stopped her to show her Lusitano at the last dressage show this past February - although adults were scratching right and left -

Krisy Harrison-Antell has a new Assistant; Ms Olivia Frost and school horses now available for lessons; please contact her at 202 834-4153.

FOCUS ON JANE McCloud:

Did you know Jane came to the Paddock in 1972 with 4 horses; 31 horses later she is still here; her compassion and dedication to the equine world are legendary. However few of us know that both Jane and a horse named Field Mouse had qualified for the Pan Am games; unfortunately a client's horse bucked Jane off with a broken back as a result. More amazing is that Field Mouse was on her way to the slaughter house; Jane bought her for \$200.00.

Club House: We do have Wi-Fi available; ask Javier for the password.

Please let him know if you are going to use the Club House for a "private" function.

About these covered rings when it rains? Thanks Alex and Jane. No more "down" time due to soggy rings.
